

LAKE SONOMA WINERY

Our Philosophy

You can't make great wine from mediocre grapes.

Lake Sonoma Winery is dedicated to creating the ultimate expression of our Sonoma sub-appellation vineyards. Quality over quantity is our guide. The owner, Gary Heck, said, "If in one season the climate is such that the grapes are not to our quality standards, we won't make Lake Sonoma wine from them."

Our mission is to produce premium, Sonoma County sub-appellation and vineyard specific wines: Zinfandels and Fume Blanc from Dry Creek Valley, Cabernet Sauvignon from Alexander Valley and Chardonnay from Russian River Valley.

Our objective is to create the ultimate expression of these sub-appellations: wines possessing excellent structure, desirable fruit flavors, and intriguing complexity.
